

## **New Director of North American Dental Sales at Air Techniques**

**Date:** 11/05/2009

**MELVILLE, NY:** Air Techniques, Inc., a leading dental equipment manufacturer, announces Lou Guellnitz as its new Director of North American Dental Sales. Lou comes to Air Techniques with over 20-years of strong experience in channel sales and service management. Lou worked eight years for Patterson Dental as Service Manager and then Equipment/Operations Manager. For the past 12 years, Lou has been with Henry Schein with his most recent position as Regional Manager for the New York/New Jersey area. Lou's diverse background will be a great asset to Air Techniques as the company continues to grow. "Lou is a respected and talented professional who brings unique set of skills and experience to the Air Techniques team. We look forward to working with Lou and would like to wish him a warm welcome." stated Riad Abuelafiya, Air Techniques' Vice President of Sales and Marketing

Air Techniques, Inc. has been a manufacturer of dental, medical, veterinary, industrial and security equipment for nearly 50 years.
